Dear Daniel,

The Senate is about to vote on the largest, most expensive money laundering scheme of the century. The massive 2,000+ page bill will authorize 2.5 trillion dollars in government spending. Who's paying for it? [Watch this](#). My children, your children will carry the load. Roughly \$8,200 for every man woman and child. This does not include the over 50 bureaucracies, government programs and tax increases included in the bill. Once established, the bureaucracies they created will be what is blamed for the massive inefficiencies!

If that were not enough, the democrat leadership in Washington is attempting to reverse the anti-abortion amendment sponsored by Rep. Stupak (D-Mich.) and Rep. Pitts (R-Penn.), which prevents federal funding for abortion. It is clear that the majority of Americans do **NOT** want to fund abortions with their tax dollars. When the healthcare bill was in the house, many in the DFPC community called Representative Mike Castle, who voted for the pro-life amendment and against the government takeover of the health care system.

Thank you to everyone who made those calls. We made a difference.

Despite the pro-life victory in Congress, the Senate is gearing up for massive abuse of the rules to get the health care bill passed. It's **called cloture!** It is the only procedure by which the Senate can vote to place a time limit on consideration of a bill or other matter, and thereby overcome a filibuster. We are urging our Senators to **VOTE NO** on cloture. This will prevent Senator Reid's pro-abortion health care bill from coming to the floor for a vote.

How is it that pro-abortion groups want to put abortion coverage back in the bill when they said it was never in there? We must continue to expose

the lie of the pro-abortion movement and make our voices heard any time a human life is at stake. Should a health care bill unfortunately reach the president's desk, we must do everything in our power to see that it does not use taxpayer funds to kill unborn children. Conservative estimates are that taxpayer funding of abortion under the government takeover will increase the number of abortions by one-third.

Take Action

Call Senator Carper (D) 202.224.2441, Fax: (202) 228-2190

Call Senator Kauffman (D) 202.224.5042, Fax: (202) 228-3075

I just called, it takes only a couple minutes. An aide will answer the phone. Politely but **firmly** ask that they give your senator this message:

Please vote NO on cloture and do not make me pay for abortions with my tax dollars!
